ORANGEORANGUS PRESENTS

OrangeOrangus Racing

The wildest 2D arcade racer in the jungle is revving up. 🏁🔥

Peel the hype. Release the ape. 🍊

🎯 Our focus

⚡ Simple

Pick a vehicle, hit the gas, race.
No tutorials needed.

 Intuitive

Keyboard or mouse, clear HUD, instant restarts.

 Fun

Drifts, jumps, close finishes and rivals to beat.

Long term, the goal is a game with its **own real in-game economy**, designed carefully and launched only when it is sustainable and properly reviewed.

IN THE DEMO

🎮 How can you play the 2D arcade racing demo?

3
tracks, each with its own surface and jumps

6
vehicles, each with its own handling

3 laps
races against computer rivals: easy, medium, hard

Time Trial
unlimited laps to chase your best time

Points & Cup
virtual points and the orange-topped trophy

Instant play ⚡
straight in your browser, no install

🗺️ Three tracks, tons of curves and way too much throttle!!

Orange Ring

Asphalt · speed

Sweepers, S-curves, a chicane and tight hairpins.

Dusty Canyon

Dirt · drifts

Loose ground, long slides and big jumps.

Frost Peak

Slippery · precision

Narrow, twisty and slick, with the biggest jump.

🌴 Next up: every track restyled as a full tropical jungle.

Choose your ride

Orange Jeep
Stable and forgiving off-roader

Rally Beast
Fast and twitchy, made for drifting

Viking Racer
Heavy, solid, high top speed

Cross Orango
Motocross bike, king of dirt and jumps

Golf Caddy
Slow, light, and pure chaos

Formula Orange
Fastest on asphalt, lost on dirt

WHAT'S COMING

 The road ahead

1 · Demo

Solo races, time trial, virtual points

2 · Online

Multiplayer, private lobbies, personal garage

3 · Expand

Token prize events + Android and iOS

4 · Compete

Ranked, community tournaments and much more.

Planned stages, not fixed dates. Each stage ships when it is ready and tested.

PLANNED · ONLINE

Race the jungle together

Multiplayer
Live races with up to 4 players, plus quick public matches for fun.

Ranked matches
Fixed rules for everyone, skill-based matchmaking, points on the leaderboard.

Custom matches
Private lobbies: the host picks track, laps, bots and vehicles, and invites friends.

Organized tournaments
Community brackets and seasonal cups with the orange trophy.

PLANNED · THE GARAGE

Build your dream ride

🚙 More vehicles

New cars, bikes and wild jungle machines.

🎨 Skins

Paint jobs, decals and orangutan driver outfits.

⚙️ Upgrades

Tune engine, grip and handling to your style.

PLANNED · ECONOMY

A real in-game economy, done right

The plan

- Prize events with token rewards
- Garage items as part of the economy
- Ranked matches

WHEN?

Token features will launch only after the token release (500 members).

No guaranteed earnings, rewards or price movements. Details will be published before anything goes live.

PLANNED · MOBILE

 Android & iOS

After the browser version, we plan a dedicated app for mobile gaming.

Same tracks, same progress, built for phones.

🔥 WHY IT MATTERS

Coming soon...

 Online races with the whole community

 Ranked seasons, cups and tournaments

 A Garage full of rides, skins and upgrades

 The jungle in your pocket on Android & iOS

Stay safe in the jungle

The demo link is shared **only** in this official group.

The demo never asks for a seed phrase, a signature, a payment or a transaction.

Admins will never DM you first. Report impersonators and fake links.

Start your engines 🏁

This is only the first lap. Play the demo, and help us make it better and better. 🍊🤖
